

Join the Tech Revolution!

Start Your Tech Career This Fall 2018!

Are you interested in an exciting career in a fast growing field within New York City? The **Bridge-to-Tech Pre-Training Program** will help you build the **foundational skills** needed to pursue training in web development.

**Web Developers can earn
a salary of \$67K year!**

What are the eligibility requirements?

- Proficient in written and spoken English
- NYC Resident authorized to work in the U.S.
- At least 18 years old
- Have no experience as a professional web developer
- Have an interest in a career in tech
- Currently earn less than \$50,000 per year

What will the pre-training help me to do?

- **Develop technical skills**, including basic command of a programming language
- **Prepare you to pursue further training** that can lead to a career in web development
- **Prepare to succeed** in an in-person interview, including exposure to the basics of technical interviewing
